

Got Game?

OSHKOSH SPORTS COMPLEX

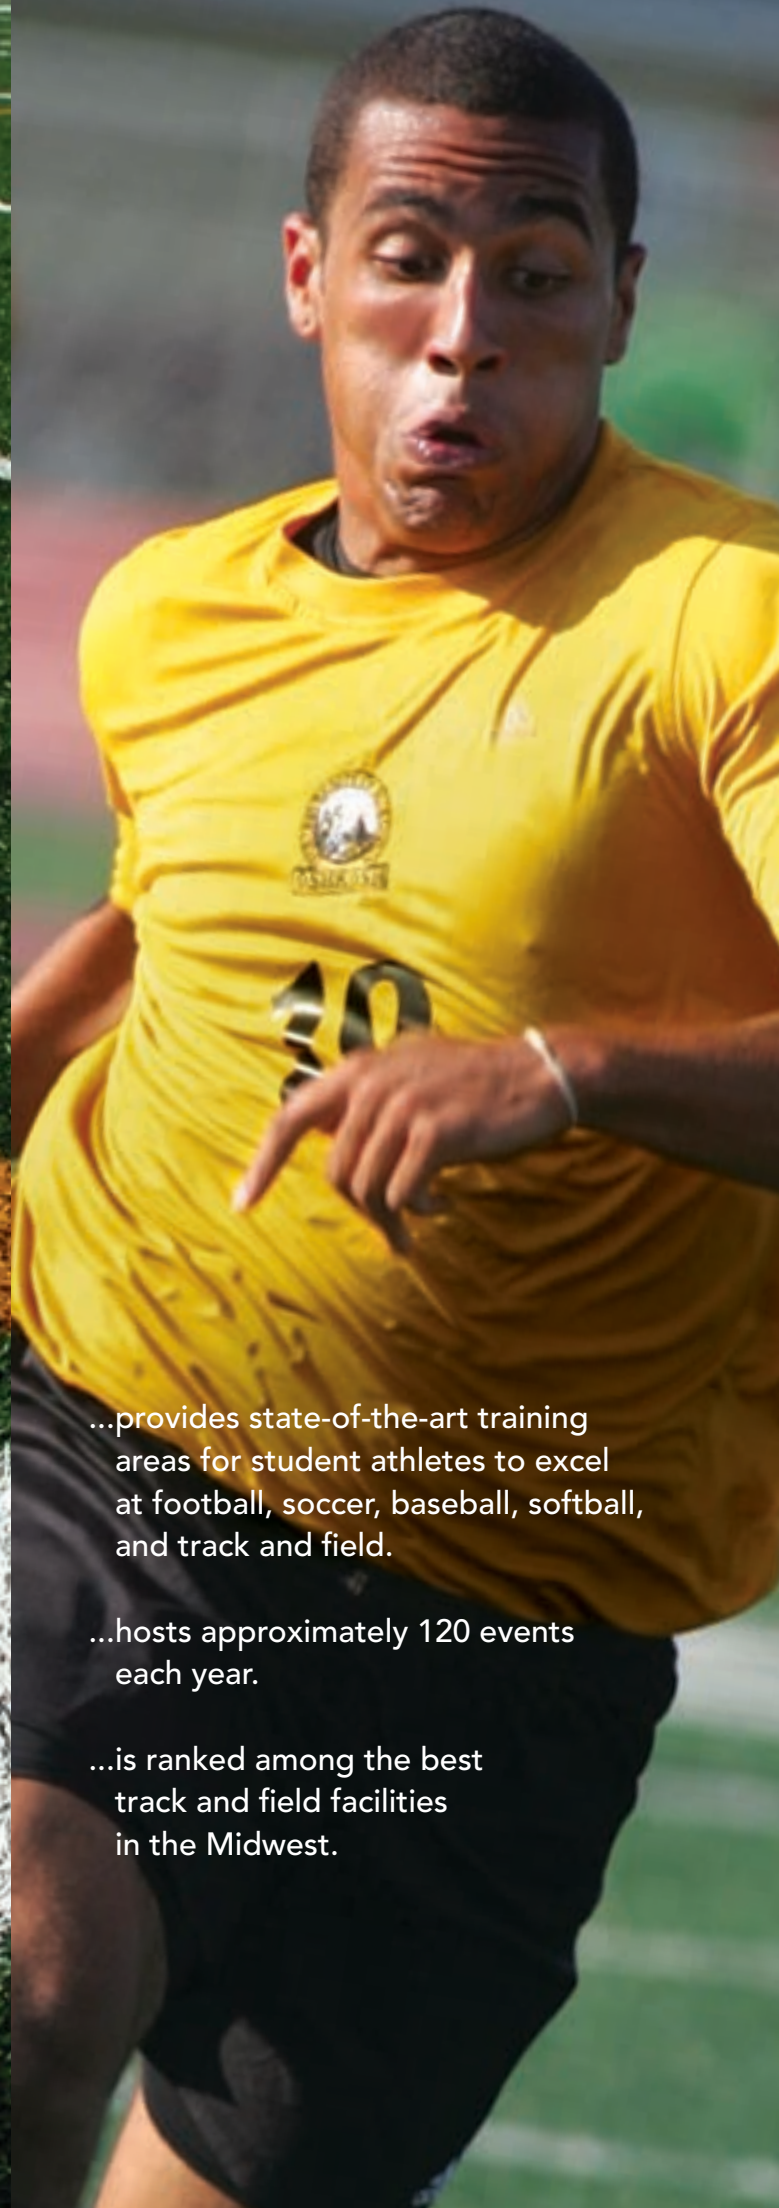

450 Josslyn St., Oshkosh, Wisconsin, 54902, USA

What started as the University of Wisconsin Oshkosh's football field has evolved into a unique collaborative endeavor involving the University, the Unified Catholic Schools of Oshkosh, the Oshkosh Area School District and the University of Wisconsin Oshkosh Foundation.

And so what began as a single-purpose venue has become a facility for the entire city — and the rest of the nation — to enjoy.

Oshkosh Sports Complex...

...boasts an Olympic-quality outdoor track with an adjacent warm-up track and a state-of-the-art football/soccer field featuring synthetic turf designed to reduce injury.

...is home to what is considered Wisconsin's third-most valued field behind Lambeau Field and Camp Randall Stadium.

...provides state-of-the-art training areas for student athletes to excel at football, soccer, baseball, softball, and track and field.

...hosts approximately 120 events each year.

...is ranked among the best track and field facilities in the Midwest.

“The Oshkosh Sports Complex will set the mark for what other multivenue complexes should strive to be to stay competitive in the ever-changing and demanding world of athletic facility enhancements.”

— Darryl Sims,
athletics advancement officer,
University of Wisconsin Oshkosh

...will accommodate more than 250 athletes and 32 coaches once Phase II locker room upgrades are completed.

...has hosted national competitions, including men's and women's track and field as well as men's and women's NCAA soccer.

CAPACITY

The Oshkosh Sports Complex can accommodate a variety of events. J. J. Keller Field at Titan Stadium seats up to 10,000 guests, and Alumni Stadium at Tiedemann Field can host 2,000. The future softball field is expected to seat 500.

Nearly 200 parking spaces are available on-site, with an additional 755 spaces adjacent to the sports complex.

CAPABILITIES

The Oshkosh Sports Complex is designed to be a multi-seasonal, multipurpose facility suitable for regional and national sporting events. Here are a few of the features it boasts:

Available now

- Multisurface field with synthetic turflike surface, allowing a variety of sports to be played throughout any given season
- Nine-lane synthetic competition track and field venue
- Multiple practice fields for soccer and football
- Newly built baseball stadium

Coming soon

- Four more locker rooms
- Remodeled restroom facilities
- Expanded, updated facilities for ticket sales, concessions and pre-/post-event functions
- New welcoming plaza
- Classrooms and coaches' offices
- New softball stadium

In addition to its athletic amenities, the Oshkosh Sports Complex can support any reasonable request for hosting other entertainment events.

COMMUNITY

Oshkosh has so much to offer visitors — a dozen hotels, more than 100 dining options and a variety of art galleries, theaters and museums, including EAA AirVenture Museum, one of the most extensive aviation attractions in the world.

To learn more about the community, visit the Oshkosh Convention and Visitors Bureau online at www.oshkoshcvb.org.
